Subject: Low Power Community Broadcasting

EX PARTE OR LATE FILED

This is to indicate my support for the preliminary rulemaking petitions that the FCC is considering (RM- 9208, 9242, 9246) that would make it possible to legally operate a low power community radio station.

I encourage you strongly to recognise that the airwaves belong to the people, and not to large corporations. Legalizing microbroadcasting is a step in the right direction.

Thank You.
